

**“Our role is to help
weave public art into the
fabric of public spaces.”**

My background is in print making and drawing. Thanks to an Internship Program sponsored by EPCOR, I'm gaining experience in arts administration as well. I help to manage arts competitions supported by the public and private sectors. It's a joy to work with local artists to place their work on permanent display in parks, squares and buildings. I believe business isn't separate from the arts. It's only a different way of thinking—and both can improve the quality of our lives.
