

Role and Responsibilities of EDI in dealing with Generating Customers

What EDI will do for the Customer	What Customer must do
22.1 Make all reasonable efforts to enable Generating Customers to utilize its Distribution System to interconnect its generation facilities to the Interconnected Electric System	<ul style="list-style-type: none"> • Enter into an agreement in writing satisfactory to EPCOR Distribution • fulfil all applicable requirements of government authorities prior to interconnection
6.1 Upon request EPCOR Distribution shall furnish to any Customer detailed information on the method and manner of making Service Connections	
6.2 Customer may request EPCOR Distribution to assess a Service Connection in accordance with Section 5.2 (Assessment of Service Connection) to permit a Customer to obtain Distribution Access Service allowing for the supply of Energy to the Customer. EPCOR Distribution shall assess a Customer's Service Connection Requirements in accordance with EPCOR Distribution's Service Customer Connection Guide and may require detailed design in accordance with Section 5.4. EPCOR Distribution will endeavour to supply as required, but is not obligated to do so.	
<p>6.5 Prior to the construction of any facilities for Distribution System Access, EPCOR Distribution shall:</p> <ul style="list-style-type: none"> (a) provide the Customer, or Authorized Customer Representative with an estimate of the costs of construction; and (b) require authorization in writing from the Customer, or Authorized Customer Representative prior to commencing this work. 	<ul style="list-style-type: none"> • Provide authorization in writing to EDI prior to commencing this work.
	6.8 If EPCOR Distribution, acting reasonably, is required to modify its Facilities to accommodate a change in a

	<p>Customer's requirements for a Service Connection or Distribution Access Service, the Customer shall pay for all costs attributable to such modification including, without limitation, the following costs:</p> <ul style="list-style-type: none"> (a) the original capital cost of EPCOR Distribution's Facilities being removed, less any Contribution-in-aid-of-Construction contribution to the capital cost of those Facilities and less accumulated depreciation, plus (b) the estimated cost of removing EPCOR Distribution's Facilities, less the estimated salvage value, plus (c) the estimated cost of installing EPCOR Distribution's new Facilities; less (d) any applicable EPCOR Distribution investment as calculated in accordance with the EPCOR Distribution Policy defined in section 6.9 hereof.
<ul style="list-style-type: none"> • EPCOR Distribution will not commence or continue the installation or operation of a Service Connection unless EPCOR Distribution is satisfied that the Customer's Site meets all of the requirements in this Section 	<p>5.1 A Customer will be responsible for ensuring that the Customer's Site meets all:</p> <ul style="list-style-type: none"> (a) applicable requirements of these Distribution Terms; and (b) applicable requirements of governmental authorities (e.g., <i>Canadian Electrical Code Part 1</i> and <i>Alberta Safety Code Act</i>); and

	<p>(c) other requirements which EPCOR Distribution determines must be met in the circumstances.</p> <p>If requested by EPCOR Distribution, the Customer or Authorized Customer Representative will provide EPCOR Distribution with copies of all documents required to demonstrate compliance with these requirements.</p>
<p>5.2 Customer may request EPCOR Distribution to provide an assessment of the electrical requirements at the Customer's Site.</p>	<ul style="list-style-type: none"> • When making a request under this Section, the Customer or Authorized Customer Agent must provide to EPCOR Distribution: <ul style="list-style-type: none"> (a) information regarding the location of the premises to be served, the site's Connected Load and preferred supply conditions and the manner in which the Service Connection will be utilized; and (b) any other applicable information set out in the Customer Connection Guide or that EPCOR Distribution reasonably requires.
	<p>5.3 The Customer or Authorized Customer Representative is responsible for contacting EPCOR Distribution and making appropriate and timely arrangements with respect to changes in a Site's electrical requirements and for determination of electrical requirements in accordance with section 5.2 (Assessment of Service Connection)</p>
<p>5.4 If EPCOR Distribution determines that detailed design of the Facilities owned by EPCOR Distribution and required at a Site for the provision of a Service Connection is necessary, EPCOR Distribution will not provide or commence any work on the</p>	<ul style="list-style-type: none"> • When requested, provide to EDI formal authorization, financial commitment or payment of the estimated cost prior to commencing any design work

<p>construction of a Service Connection at the Site until the design has been completed.</p> <p>EPCOR Distribution will:</p> <ul style="list-style-type: none"> (a) provide the Customer or Authorized Customer Representative with an estimate of the cost of completing the detailed design; and (b) require from the Customer or Authorized Customer Representative formal authorization, financial commitment or payment of the estimated cost prior to commencing any design work 	
	<p>5.3 When required from time to time, provide forecasts of load for the Site for a specified period of time.</p>
	<p>6.6 Customer or Authorized Customer Representative will satisfy EPCOR Distribution's application and payment requirements for any construction required for Service Connections prior to the Construction of any facilities required for Distribution System Access.</p>

<p>6.7 Grounds for EDI's refusal of customer requests (in sole discretion of EDI)</p>
<p>EPCOR Distribution may refuse requests that are not reasonable, or are not consistent with EPCOR Distribution normal business practices</p>
<p>EPCOR Distribution may refuse to provide Distribution Access Service if the provisions of Section 5.1 (Service Connection Requirement) are not satisfied in EPCOR Distribution's sole discretion, including without limitation the requirement for detailed design in accordance with Section 5.4 (Detailed design of facilities)</p>
<p>If the type of Service Connection applied for is not available or not normally provided by EPCOR Distribution in the locality where the Service Connection is requested;</p>
<p>If the Customer, Authorized Customer Representative or the Site has not met the requirements of the Customer Connection Guide, the Service Connection Requirements or other requirements which EPCOR Distribution has determined must be met in the circumstances</p>
<p>If the Customer or Authorized Customer Representative has not met the requirements for</p>

new Service Connections set out in Section 6.6 (Customer obligation for financing construction)
If the Site, in the sole determination of EPCOR Distribution, does not meet applicable requirements of governmental authorities
EPCOR Distribution in its sole discretion determines that an agreement in writing is required for the Service Connection and the Customer refuses to enter into a form of agreement acceptable to EPCOR Distribution
If any representation made by the Customer or Authorized Customer Representative to EPCOR Distribution for the purpose of obtaining a Service Connection is determined by EPCOR Distribution to be untruthful, misleading or fraudulent
If the proposed loads at the Site, in EPCOR Distribution's sole determination, have characteristics that might adversely affect the quality of service supplied to other Customer's, the public safety or the safety of EPCOR Distribution's personnel or equipment; or
If the Customer or Authorized Customer Representative has not provided the formal authorization, financial commitment or payment of the estimated cost of detailed design as may be required by EPCOR Distribution under Section 5.4.

Don'ts

- Solicit business on behalf of a retailer. (RRR 19 b)
- Give the appears that it speaks on behalf of a retailer (RRR 19 c)
